Please bring in your expired, unwanted, or unused medications for destruction. These items can pose a risk for drug abuse or overdose, as well as contaminate the water supply if they are disposed of improperly, so we encourage all to take advantage of this opportunity.

We are unable to accept intravenous solutions, injectable items, and syringes. This program is anonymous. You may dispose of medication in its original container or by removing the medication from its container and disposing of it directly into the disposal box. Liquid products should remain sealed in their original container. This event is for the general public only. Pharmacies, physicians, veterinarians, etc. may not dispose of products here.
